Memo

Happy New Year!

Looking back to 2018, it was a busy year for the Paradise Amateur Radio Society. In addition to growing to be more than 20 Members in just three years, PARS also held many important events including:

- Gold Nugget Days
- Multi-Club Event in June
- Field Day
- Just A Bunch Of Crazy Hams (JABOCH) event above Lott's lake

Unfortunately, we also experienced the Camp Fire incident that has left many of our Members scattered far and wide. Some have already relocated out of the area, others are in the process of rebuilding and others are just surviving with life on the Ridge that is different today than we have ever seen.

With all of the Holiday activities and the alterations brought about by the Camp Fire, I do want to take a moment to encourage you to join PARS again this year if you have not already done so. You can go to the Membership Page on our website and register on-line and then send payment following the instructions on the site. Paid Members do have access to items on the website that Non-Members lack.

The PARS Officers are looking forward to another active year. Plans are established for participation in the Winter Field Day event on January 26th, a Technician training event is being planned, a Spring JABOCH is in the works and we will certainly be active in the Summer Field Day event as well.

Please check the website often to check plans, provide feedback and to stay connected.

Regards,

Doug Poppelreiter
